MEMBERS JURIED EXHIBITION

As a designer, my world teems with pattern, texture and line. Where you may see ships and sunsets I see shape and color. For this installation I've chosen those artists that ask us to do some work, to cross the line where traditional gets edgy and where composition seems intimidated by abstraction. I'm asking you to see each object not only for its individual qualities, but to enjoy the powerful visual relationships the merging of these vibrant works creates.
