

## Lillian Orlowsky + William Freed Museum School Materials List

### IPHONEOGRAPHY WITH REBECCA BRUYN

Please bring the following to be prepared for your workshop:

Please bring your iPhone and/or iPad to the workshop fully charged. Please upgrade to the latest operating system, but no older than iOS 12. It is a free upgrade. And lastly, have a few images that you've taken with your cell phone that you'd like to work on.

Before arriving, please download the following apps: Snapseed; Distressed FX; & Facetune (not Facetune 2). Some are available at no charge. Others will be about a dollar or more.

There are many photo apps available in the App Store and you will find that if you walk away from this workshop "hooked" on this art form, you will be wanting more and more apps to experiment with! The first tip I offer you is to learn one app really well before going on to another one.

A list of several photo apps will be provided to you at the workshop.

#### Solvent Notice (where applicable)

Turpentine, regular Turpenoid, regular mineral spirits, Damar Varnish and Spray fixatives (or any aerosol sprays including spray paint) are NOT ALLOWED in PAAM studios.

Approved Solvent: Gamsol

Here's why: Gamsol contains 1/3 the toxicity of turpentine. Gamsol separates liquid from paint particles when left to sit in a jar. As a result, the "clean" fluid can be poured off and used repeatedly, while pigment sediment can be disposed of. Also acceptable is Martin/F. Weber Co. Turpenoid Natural.

Approved Mediums: PAAM recommends Chartpak's Grumbacher Alkyd Painting Medium or Grumbacher Copal Painting Medium; Winsor & Newton's Artisan Painting Medium or Artisan Water Mixable Fast Drying Medium; or one of the natural oil products such as Daniel Smith's Poppyseed Oil.

Gamsol and many of these other products are available for purchase at the Artist-Loft or Conwell Lumber in Provincetown.

#### Workshop Location

This workshop will meet at PAAM.

#### Parking

Unfortunately, parking is not available at PAAM. Students are encouraged to drop heavy materials off at the School before class, and to allow time to park and walk. If doing so, please pull into a space and leave your blinkers on. Provincetown is a great walking and biking town. There are two bike racks at the Museum.

Parking on Bradford or Commercial Streets: Street parking can be found within a few blocks radius of PAAM on Bradford and Commercial streets. Please pay close attention to yellow lines, which signify tow zones. Please do not park in Angel Foods parking lot or block driveways on either street as your car will be towed. Street parking is available on many nearby side streets.

Provincetown's Public Parking Lots: Parking Fees are in effect April through October.

Johnson Street Parking Lot: corner of Commercial St. and Johnson St., parking meters.

FarLand Market Parking Lot: corner of Johnson St. and Bradford St. (next to FarLand Market)

MacMillan Wharf Lot: base of MacMillan wharf.

There is also a parking area with meters along Harry Kemp Way, close to Conwell St.  
Handicapped Parking: For those people with handicapped placards, there is a space reserved in the PAAM lot on Bangs St and two spaces on Commercial St.

Alternatives to driving:

The FLEX bus:

The FLEX bus runs daily from Harwich down to Provincetown (800)352-7155 [capecodtransit.org](http://capecodtransit.org)

Other Parking Alternatives: If you know of parking not listed here, can offer suggestions to resolve parking issues, or have parking questions please speak with Kiah Coble.
