

Members' Open: Small Works

At Provincetown Art Association and Museum

DECEMBER 1, 2023 - JANUARY 7, 2024

Provincetown Art Association and Museum

The Museum

PAAM is a nationally recognized, year-round cultural institution that fuses the creative energy of America's oldest active art colony with the natural beauty of outer Cape Cod that has inspired artists for generations.

Membership

Begins at \$60. Benefits include free admission to PAAM and other regional museums; eligibility to submit to member exhibitions; discounts in the store and school; and more. Become a member at paam.org/members

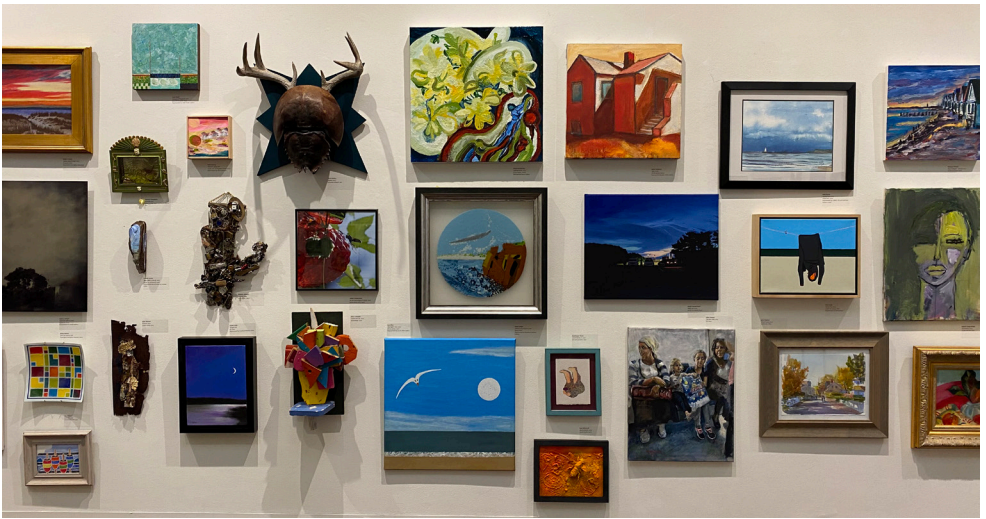

Admission

General admission: \$15. Free for PAAM members and visitors 16 and under.

Hours

PAAM is open Thursday through Sunday from 12PM - 5pm.

Each year, we present the Members' Open Small Works exhibition during the holiday season as an opportunity for shoppers to bring home a piece of original artwork created by a Provincetown artist.

Unlike in our other exhibitions, buyers are invited to bring their new piece home with them upon purchase, instead of waiting for the conclusion of the exhibition.

PAAM mounts upwards of 5 members' open and juried exhibitions annually in which participants display their work alongside some of America's most noteworthy artists. These exhibitions represent the work of PAAM's contemporary artist-members, many of whom live on Cape Cod either full-time or for part of the year. While the work varies greatly in media and approach, each artist-member joins a long roster of distinguished artists who have studied, taught, and exhibited at PAAM over the past 100 years. There is no submission fee for members' exhibitions, but membership must be up to date.

OPEN EXHIBITIONS

In the 1970's, the PAAM membership voted to present "open" exhibitions, allowing any and all members to exhibit their work in PAAM's galleries throughout the year. Members' Open Exhibitions represent an eclectic and extensive body of work displayed in salon style - that is, works that are stacked and tend to blanket the walls, versus the minimalist presentation most often seen in contemporary art galleries and museums. This practice was begun in Paris, France in the 19th century, where work was hung floor to ceiling and great paintings rubbed shoulders with the work of new and evolving artists.
