# Members' Open

ON VIEW MARCH 8 - MAY 5, 2024  
IN THE HOFMANN GALLERY

In the 1970's, the PAAM membership voted to present "open" exhibitions, allowing any and all members to exhibit their work in PAAM's galleries throughout the year.

Members' Open Exhibitions represent an eclectic and extensive body of work displayed in salon style – that is, works that are stacked and tend to blanket the walls, versus the minimalist presentation most often seen in contemporary art galleries and museums. PAAM mounts upwards of 5 members' open and juried exhibitions annually in which participants display their work alongside some of America's most noteworthy artists. These exhibitions represent the work of PAAM's contemporary artist-members, many of whom live on Cape Cod either full-time or for part of the year. While the work varies greatly in media and approach, each artist-member joins a long roster of distinguished artists who have studied, taught, and exhibited at PAAM over the past 100 years.
