ON VIEW MARCH 13 – APRIL 26, 2026
IN THE HOFMANN GALLERY

Each year, PAAM mounts four or more Members' Exhibitions in which museum members display their work alongside some of the most noteworthy artists in the United States.

Members' Exhibitions at PAAM represent the work of contemporary artist-members of the Provincetown Art Association and Museum. While the work varies greatly in media and approach, each artist-member joins a long roster of distinguished artists who have studied, taught, and exhibited at PAAM over the past 100 years.

The theme of this spring's members' exhibition is **renewal**. Themes are offered as a suggested prompt, and work is not required to adhere to the theme.

Renewal speaks to cycles of change: personal, environmental, political, spiritual, or material. It can be quiet or radical, hopeful or uneasy. As we melt into Spring, we invite artists to explore renewal as rebirth, repair, repetition, resistance, healing, decay, or transformation.

What does it mean to begin again? What must be shed, restored, composted, or reimagined for renewal to occur?

We extend our sincerest thanks to the volunteers that made this exhibition possible:

David Hay
Joel Sklar
Jean Horner
Murat Recevik
David Crane
Mike Wright
